2) Principal Update

No additional announcements on reopening aside from the message from the Superintendent. Expecting a gradual reopening. Initial phase: supported learning groups. Starting with Title 1 schools (Cumberland not in this group). No additional staff available to support on-site while all staff are supporting virtual learning. Need to hire 2 classified employees. Board meeting 11/19; expect more clarity on the near-term plan coming out of that meeting.

3) Review/Approval of School Safety Plan

LC: Updated some of the demographics, primary content is consistent with last year's Safety Plan.

Question on chronic absenteeism for '19-'20 school year marked as "N/A". Referral details limited due to privacy concerns. Do we need to better understand the referrals and if there are larger concerns to be addressed? Deepen social emotional learning for behavior and academics. Action Steps: Providing Virtual Lunch and Asynchronous academic opportunities for students. Consider asking the Noon Aides to provide more support in the lunch sessions to facilitate student participation and engagement. Emergency preparedness: green security bins have been checked for inventory of supplies. Emergency drills will be scheduled and conducted during a hybrid schedule.

LC: Updated names assigned to various roles. Site Council and School Board signatures required.

Campus map updated. No changes to primary / secondary locations.

Approve motion: Wong ; Second: Bennett
