8. PRESENTATIONS

A. Sunnyvale Middle School

Principal Shamar Edwards shared academic assessment data which informed the Sunnyvale Middle School staff where efforts need to be focused to further each student's educational well-being. She spoke of the school climate wherein a culture of respect, making right choices, taking responsibility, and being kind is something towards which everyone strives. Some of the tools that aid in this process are Positive Behavioral Interventions and Supports (PBIS) such as school agreements for common spaces and classrooms and classroom expectations; restorative practices such as building community, a progressive discipline process, mediations; community of support for students and parents comprised of campus assistants, social worker, and parent outreach coordinator; community building aids such as Parent Coffee Chats, weekly newsletter, Latino Parent Group, DELAC, multilingual families, and outreach to 5th grade families. Ms. Edwards also shared the school's multi-year focus and vision.

Student Elisa Floyd was recognized for mobilizing Sunnyvale Middle School's Zero Waste Campaign.

B. Enrollment Projections 2020-2024
Jeremy Nishihara, Manager of Information Systems and Human Resources, spoke of how Sunnyvale School District analyzes a combination of enrollment history and projection data provided by a contracted demographer to create actionable data for staffing, facilities, and program/policy recommendations. Continued declining enrollment is projected for the District. Key factors in declining enrollment are current enrollment distribution through the grade level, declining births in the Sunnyvale zip codes, and low student generation rates from new housing. The District will carefully monitor staffing ratios over time, the placement of potential programs of choice (including Mandarin Immersion), school site room usage implications, North/South enrollment trends, enrollment policies/procedures given the modernization schedule, and the scope of modernization projects.

9. REVIEW AND DISCUSSION

A. Revised Board Policies - Student Enrollment and School Attendance Boundaries

Subject to an annual review by staff, several board policies and administrative regulations pertaining to student enrollment and school attendance boundaries were assessed. Board Policy and Administrative Regulation 5116.1 - Intradistrict Open Enrollment were updated.

Mr. Nishihara was instructed to return both for Review and Action at the next regular board meeting.

10. REVIEW AND ACTION

A. Resolution No. 20-11 Authorizing Technology Procurement Pursuant to Public Contract Code section 20118.2

Chief Operations Officer Rob Smiley stated that the Sunnyvale School District desires to purchase, configure, and implement voice over internet protocol (VOIP) system housing, services and related wiring and equipment (“Project”).

Due to the highly specialized and unique nature of the technology, including, without limitation, telecommunications equipment, Public Contract Code section 20118.2 allows a school district to use a competitive negotiation process rather than a competitive bid process, so as to consider, a range of factors in addition to price in the award of technology contracts. In order to utilize Public Contract Code section 20118.2, the school district’s governing board must find that the procurement qualifies under the statute and authorize the competitive negotiation process. The Project qualifies under the statute because it is not a contract for construction services and the procurement is not for a product that is available in substantial quantities to the general public.

Motion: Adopt Resolution No. 20-11 authorizing technology procurement pursuant to Public Contract Code section 20118.2

Roll call vote:

B. Resolution No. 20-12 Intention to Dedicate a Public Utility Easement and Calling for a Public Hearing

Mr. Smiley stated that in order to support the EV buses that will soon be delivered to Sunnyvale School District, the electrical infrastructure at the Operations Yard will need to be upgraded in order to handle the increased demand. While applying for a service upgrade, District staff became aware of a grant, "PG&E’s EV Fleet Electrification program". The Board of Education granted authority to participate in this program at its September 5, 2019 meeting.

Commonly, Sunnyvale School District would be responsible for all costs associated with an electrical service upgrade. Under this program, funding for engineering and all infrastructure materials and installation back of the meter will be done at no cost to Sunnyvale School District.

PG&E does require that an easement be granted to construct, reconstruct, install, inspect, maintain, replace, remove and use facilities for public utilities purposes.

The process to provide an easement requires action be taken at two separate meetings of the Board of Education. Resolution No. 20-12 will be the first step in this process. Should the Board of Education adopt Resolution No. 20-12 by a vote equal to or greater than a two-thirds majority, staff will proceed to the next step in this process. The adopted resolution will be posted in no less than 3 public places around the District and notice of the forthcoming public hearing will posted as required by law.

Motion: Adopt Resolution No. 20-12 Intention to Dedicate a Public Utility Easement and Calling for a Public Hearing.

C. Approval of Substitute Salary Schedules for Psychologist and Speech Language Pathologist

Dr. Michael Gallagher stated that with the passage of Assembly Bill 5, which took effect on January 1, 2020, the law now makes it much more difficult for employers to classify workers as independent contractors. Consequently, it is now not possible for the Sunnyvale School District to hire psychologists, speech language pathologists and other positions as contractors if the District already hires workers in those classifications as employees.

To address this challenge, a substitute salary schedule has been developed for the positions of psychologist and speech language pathologist. These schedules will allow the District to hire individuals in these classifications as substitute employees. As such, the employee will have rights they did not receive as contractors, such as earned sick leave and medical benefits if they work a prescribed number of days during a school year. Earning these benefits was an important impetus for the new law. Important as well is the District’s ability to report earnings for these individuals into
the State Teacher Retirement System or the California Public Employees’ Retirement System.

**Motion:** Approve the Substitute Salary Schedules for Psychologist and Speech Language Pathologist as written.

D. Approval of New Job Description – Student Services/Special Education Technician

Dr. Gallagher stated that Education Code requires that all new or revised job classifications be board-approved. The Student Services/Special Education Department is in need of additional support to provide technical information and assistance regarding student data for specialized student services. Also, there is a need to provide ongoing support and user training on how to best input student services data across multiple applications, monitor student progress, and assure program compliance. This need has compelled the creation of a new classification of Student Services/Special Education Technician.

**Motion:** Approve the new job classification of Student Services/Special Education Technician as written.

4. REVIEW AND DISCUSSION
A. Sunnyvale School District Equity Statement

The Board discussed the process and guidelines that will inform how they draft a district equity statement.

a. Review: 2/5/2020 Stakeholders' Lyceum draft equity statements

In addition to the equity statements drafted by various stakeholders at the Stakeholders' Lyceum on February 5, 2020, the following equity statements were listed for consideration as examples and inspiration:

- District Administrative Team: Equity is providing fair and balanced opportunities, access to tailored education, and resources that support and empower all learners to reach their full, unique potential.
- Ms. Debra, CSBA Facilitator: Equity to me is every student having access to a rich educational experience, irrespective of race, ethnicity, gender, sexual orientation, language, disability, family background, income, citizenship, or tribal status. Equity to me is every student having access to resources that include funding, programs, policies, initiatives and supports that target each student's unique background while preparing students for an ever-changing global society.
- Equity to me is the just and fair distribution of resources based on student's needs. Equitable resources include funding, programs, policies, initiatives and supports that target each student's unique background to ensure equal access to a quality education while preparing students for an ever-changing global society.

b. Draft: District equity statement

The Board drafted the following district equity statement:

In Sunnyvale School District, Equity is...

- Discovering together the individual needs that each student requires to thrive.
- Working together to give more to those who need more - when they need it.
- Learning without limits.
- Empowering all learners by providing a tailored education, support, access and opportunities so they reach their full, unique potential.

c. Next Steps: Options for short-term and long-term equity action planning

The board members will send brainstorming ideas to Dr. Ben Picard.

B. Board Goals, Protocols, Roles, and Responsibilities

a. Governance Handbook

Michael Gallagher, Mala Ahuja, and Tasha Dean were excused from the meeting at 8:33 p.m.

The Board finalized revisions to the Governance Handbook.

9. REVIEW AND ACTION

Created on 2/11/2020 at 1:05 PM PST by Annalee Wee
Last Modified on 2/11/2020 at 1:05 PM PST by Annalee Wee

**Quick Summary / Abstract**
Motion ________ Seconded ________ Board Action ________

**Contact Person**
Lori van Gogh, Chief Financial Officer

**Description**
Public school districts are required by the State to certify, twice each year, the ability to meet their financial obligations for the remainder of the fiscal year and two subsequent years. This report shows actual activity for the period of July 1, 2019 to January 31, 2020, 58.3% of the fiscal year. Financial projections are made to June 30, 2020, and for fiscal years 2020-2021 and 2021-2022.

The purpose of the report is to identify if deficit spending is occurring so that corrective action can be taken in time to avoid financial insolvency. This report highlights the General Fund; however, all funds are included. Projections show adequate year-end fund balances in all funds. The projected June 30, 2020 General Fund balance is $11,614,903 of which $1,890,703 is restricted, leaving $9,724,200 as an unrestricted year-end balance. A portion of unrestricted General Fund balance is appropriated for various District needs leaving $9,601,459 unappropriated by June 30, 2020. In addition, the District maintains a Reserve for Economic Uncertainty in Fund 170 of $13,008,632.

Sunnyvale School District continues to maintain its fiscal and financial health. Fiscal Year 2019-2020 marks the second year of the Local Control Funding Formula (LCFF) at full implementation. This funding model regulates districts to focus financial support on the students with the greatest needs. Although the Sunnyvale School District will continue to be funded as a Basic Aid district, the community it serves is widely diverse in its ethnic and socio-economic backgrounds. This Second Interim Report is based on the current State budget and reflects the District’s ongoing commitment to maintaining a balanced investment in programs for all students.

**Recommendation**
The Superintendent recommends that the Board of Education approve the Second Interim Fiscal Solvency Report and certify that Sunnyvale School District will be able to meet its financial obligations through June 30, 2022.

Assumptions of Second Interim Fiscal Solvency Report
Fiscal Year 2019-2020

Fund Balance Assumption

1. ENDING BALANCE. The projected General Fund ending balance for June 30, 2020 is $11,614,903, shown as follows:

   Restricted                                $1,890,703
   Stores                                    96,741
   Revolving Cash                            26,000
   Unappropriated                            9,601,459
   Ending Balance                            $11,614,903

2. SURPLUS/DEFICIT. The Second Interim Fiscal Solvency Report projects a surplus in the current year general fund balance of $1,280,886.

3. RESERVE FOR ECONOMIC UNCERTAINTY. The fund balance described in item one above does not include the set aside of $13,008,632 in Special Reserve Fund (170) as a Reserve for Economic Uncertainty. This Special Reserve enables the District to meet the State’s requirement of a three percent (3%) reserve. The actual unrestricted reserve is projected to be 21.4% at fiscal year end.

Enrollment Assumption

AVERAGE DAILY ATTENDANCE. Average Daily Attendance (ADA) is projected to be 6,259.35.

Revenue Assumptions

1. STATE COST OF LIVING ADJUSTMENT. The District’s projected Property Tax revenues are above the estimated entitlements under the LCFF (Local Control Funding Formula); therefore, the District remains a Basic Aid district. Property tax revenues are projected to increase 7.0 percent as compared to FY 2018-2019. For the forecast years, the District’s Property tax revenues are projected at an increase of 5.0 and 4.0 percent for 2020-2021 and 2021-2022 respectively.

2. EDUCATION PROTECTION ACCOUNT: Proposition 30, a Sales and Income Tax Increase Initiative, allows the State to create an Education Protection Account (EPA), from which districts will receive a yearly allocation. Sunnyvale School District is budgeted to receive $1,285,252 of EPA funds.
3. LOCAL REVENUE: Parcel Tax revenues of $1,070,000 are projected for FY 2019-2020.

4. SPECIAL EDUCATION: State revenue is projected with small COLA of 3.26%. All revenue assumptions are based on FY 2018-2019 number of pupils and inter-district transfers. All Federal Special Education Revenue has remained unchanged compared to FY 2018-2019.

5. STATE FUNDING. This Second Interim report includes receipt of the “hold harmless” funds that equates to the total State aid received in FY 2012-2013 or $2,907,954. The hold harmless provision applies to all Basic Aid districts. It guarantees that districts receive as much total categorical aid as they received in 2012-2013, even if their property taxes exceed the LCFF entitlement.

6. FEDERAL FUNDING. A few major programs such as Title I-Part A-Improving Basic Programs Every Student Succeeds (ESSA), Title II-Supporting Effective Instruction and Title III-Language Instruction for English Learners are adjusted to reflect preliminary entitlements plus any prior year carryover.

7. LOTTERY. Lottery revenue is budgeted at $207 per ADA. Of this revenue amount, $153 is unrestricted and $54 is restricted. The restricted lottery funds are reserved for instructional materials and /or assessment materials.

8. MANDATED SERVICES. Senate Bill (SB) 1016 established a Mandate Block Grant program to commence with fiscal year 2012-2013. School districts are given a choice to receive funding in support of the FY 2019-2020 mandated activities either through the Mandate Block Grant (MBG) or through the traditional claims process. Funding for MBG is based on average daily attendance (ADA) as of the Second Principal Apportionment for FY 2018-2019. Sunnyvale School District has elected to receive the Mandate Block Grant in the amount of $206,088.

9. CLASS SIZE REDUCTION (CSR). CSR is continuing at grades K-3. According to LCFF requirements, Sunnyvale School district is staffing K-3 classes at 24:1 students to teacher ratio for FY 2019-2020.

10. LEASE REVENUE. Lease revenue reflects current contracts, generating $5,455,476 annually.

11. ADJUSTMENTS. Potential adjustments to revenue could result from increases or decreases in ADA, fluctuations in property tax, and an increase or decrease in the State’s allocation of funding for schools.
Expenditure Assumptions

1. CERTIFICATED SALARIES. The total certificated FTE, including management positions, is projected to be 418.0 for FY 2019-2020, a .50 FTE decrease for Social Worker FTE from the December 12, 2019 First Interim Budget. This Second Interim Solvency Report includes a negotiated 4% salary schedule increase and step and column increases for SEA and Certificated SCCAMP units.

2. CLASSIFIED SALARIES. The total classified FTE, including management positions, is projected to be 315.6 for FY 2019-2020, a 3.0 FTE increase for Para Educator, Behavior Intervention Services Supervisor, and Clerical FTE from the December 12, 2019 First Interim Budget. This Second Interim Solvency Report includes a negotiated 4% salary schedule increase and step and column increases for CSEA and Classified SCCAMP units.

3. EMPLOYEE BENEFITS. This Second Interim Solvency Report reflects the health and welfare premium rate changes effective January 01, 2020 shown as follows:

<table>
<thead>
<tr>
<th>Plan</th>

</tr>
</thead>
<tbody>
<tr>

4. COST OF ONE PERCENT INCREASE IN SALARIES: The approximate cost of a one (1%) percent salary increase is as follows:

<table>
<thead>
<tr>

<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificated Non-Management</td>
<td>$442,153</td>

<td>$112,144</td>
</tr>
<tr>
<td>Total cost of 1%</td>
<td>$760,632</td>
</tr>
</tbody>
</table>

   The above costs include statutory employee benefits, STRS/PERS, Medicare, Workers Compensation, OASDI and Unemployment.

5. EARLY RETIREE BENEFITS. Benefits are budgeted in accordance with contracts at $378,900 annually.

6. SUPPLIES, SERVICES AND CAPITAL IMPROVEMENTS. Expenses in these categories have increased by $511K from the December 12, 2019 First Interim Budget to reflect prior year carryover, the receipt of one-time funding for the Low Performing Students Block Grant, the Columbia Middles School Parking Lot Renovation project, and other current year obligations.
7. **CONTRIBUTIONS FROM THE GENERAL FUND.** Contribution to support the Special Education program is projected to be $13,312,424. The Routine Repair and Maintenance (RRM) Fund requires 3% contribution from the Unrestricted General Fund of $3,059,904. Child Development Fund is projected to need extra support in the amount of $44,306. District is projected to subsidize the Student Nutrition Program by an estimated $667,022. The Special Reserve Fund will receive an annual contribution of $375,000, for six years, for future, planned technology upgrades.

8. **ADJUSTMENTS.** Adjustments to expenditures, not included in this budget, could result from necessary increases or decreases to staffing and contracted services.

**OTHER FUNDS:** All other funds are projected to have ending balances for June 30, 2020 shown as follows:

Description
On February 20, 2020, bids were accepted and opened for the MOT Yard Improvements project. Management is recommending that all bids be accepted as conforming and that Calstate Construction, Inc. be awarded the contract as they submitted the lowest responsive and responsible bid for the MOT Yard Improvements project. Management is also requesting authorization to execute the agreements as described in the bid packets.

The result of the bid opening conducted on February 20, 2020 is as follows:

- 101 Builders, Inc $5,365,101
- Cal Pacific Construction, Inc $5,478,000
- Calstate Construction, Inc $4,459,888
- DL Falk Construction, Inc $4,894,000
- DRP Builders, Inc $4,800,000
- Gonsalves & Stronck, Inc $4,678,000
- RC Benson & Sons, Inc $5,077,148
- Sausal Corporation $4,854,000

The Board of Education reserves the right to reject any and all bids and to waive irregularities in the bidding process.

Recommendation
The Superintendent recommends the Board of Education accept receipt of all bids, award the contract to the lowest responsive and responsible conforming bid from Calstate Construction, Inc., and grant authorization to execute the agreements relative to the MOT Yard Improvements project.

Description
In order to support the EV buses that will soon be delivered to Sunnyvale School District, and future EV vehicles, the electrical infrastructure at the Operations Yard will need to be upgraded in order to handle the increased demand. While applying for a service upgrade, District staff became aware of a grant program, PG&E’s EV Fleet Electrification program.

Commonly, Sunnyvale School District would be responsible for all costs associated with an electrical service upgrade. Under this program, funding for engineering and all infrastructure materials and installation back of the meter will be done at no cost to Sunnyvale School District.

PG&E does require that an easement be granted to construct, reconstruct, install, inspect, maintain, replace, remove and use facilities for public utilities purposes.

The process to provide an easement requires action be taken at two separate meeting of the Board of Education. The initial Resolution was approved by the Board at its regularly scheduled meeting on February 6, 2020. Resolution No. 20-13 will complete the process. Resolution No. 20-13 requires no less than 2/3 Board support. Once approved, staff will complete the easement documents and forward to PG&E.

It is anticipated that work by PG&E will begin in approximately 4 weeks.

This electrical service upgrade is a key component in our efforts to convert a portion of Sunnyvale School District’s transportation and white fleet to EV.

The attached easement has been reviewed by legal counsel and the aforementioned process was developed in concert with legal counsel.

Financial Impact:
The adoption of Resolution 20-13 has no immediate or foreseen fiscal impact.
**Recommendation**
The Superintendent recommends the Board of Education adopt Resolution No. 20-13 Authorizing the Conveyance of Dedication of a Public Utility Easement to Pacific Gas and Electric Company.

RESOLUTION NO. 20-13

RESOLUTION OF THE
SUNNYVALE SCHOOL DISTRICT BOARD OF EDUCATION AUTHORIZING THE
CONVEYANCE OF DEDICATION OF A PUBLIC UTILITY EASEMENT TO
PACIFIC GAS AND ELECTRIC COMPANY

WHEREAS, section 17556, et seq., of the California Education Code authorizes the Sunnyvale School District ("District"), by two-thirds (2/3) vote of its Board of Education ("Board"), to dedicate an easement to a private corporation engaged in the public utility business, to lay, construct, reconstruct, maintain, and operate water, sewer, gas, or storm drain pipes or ditches, electric or telephone lines, and access roads used in connection therewith, either with or without consideration and without a vote of the electors of the District first being taken; and

WHEREAS, District owns that certain real property known as Sunnyvale School District Offices, located at 820 West McKinley Ave, City of Sunnyvale, County of Santa Clara, State of California (the “Property”); and

WHEREAS, the Pacific Gas and Electric Company (“Company”) desires to acquire: an easement together with a right-of-way therefor, on, over, and under the easement area on the Property to construct, reconstruct, install, inspect, maintain, replace, remove and use facilities for public utilities purposes, which are described and depicted in the Public Utility Easement attached hereto as Exhibit “1” and incorporated herein (the “Land and Easement”); and

WHEREAS, on February 6, 2020, the Board Resolution No. 20-12 declaring its intention to convey the Land and Easement to the Company in exchange for the consideration and subject to the terms and conditions set forth in the Grant Deed and Public Utility Easement, and further called a public hearing in connection therewith; and

WHEREAS, all statutorily required notices were given, and on this 5th day of March, 2020, the Board held a public hearing on the question of conveying the Land and Easement to the Company, at which hearing all persons so desiring were afforded an opportunity to be heard.

NOW THEREFORE, the Sunnyvale School District Board of Education hereby resolves, determines, and finds the following:

Section 1. Recitals. The foregoing recitals are true and correct and incorporated herein.

Section 2. Approval of Dedication of Public Utility Easement and License Agreement. Having received no legal protest to the conveyance and dedication of the Land and Easement, the Board hereby approves the dedication as described herein. The President of the Board, the Clerk of the Board, and the Superintendent, and/or his designee, are hereby directed to take all actions to carry out the intent of the Board, including, without limitation, (1) to execute and deliver to the Company the Public Utility Easement for recordation in the form attached hereto as Exhibits “1” together with an executed copy of this Resolution. Upon recordation, the Public Utility Easement shall be fully effective.
PASSED AND ADOPTED by the Sunnyvale School District Board of Education, this 5th day of March, 2020, by the following vote:

Clerk, Board of Education of the Sunnyvale School District
SUNNYVALE SCHOOL DISTRICT OF SANTA CLARA COUNTY, a public school district,
hereinafter called Grantor, hereby grants to PACIFIC GAS AND ELECTRIC COMPANY, a
California corporation, hereinafter called Grantee, the right from time to time to construct, reconstruct,
install, inspect, maintain, replace, remove, and use facilities of the type hereinafter specified, together
with a right of way therefor, within the easement area as hereinafter set forth, and also ingress thereto
and egress therefrom, over and across the lands of Grantor situate in the City of Sunnyvale, County of
Santa Clara, State of California, described as follows:

(APN 165-11-007)

PARCEL 2 as shown upon the Parcel Map filed for record December 15, 1992 in Book 642 of
Maps at page 39 Santa Clara County Records.

Said facilities and easement area are described as follows:

Such underground conduits, pipes, manholes, service boxes, wires, cables, and electrical conductors;
aboveground marker posts, risers, and service pedestals; underground and aboveground switches,
fuses, terminals, and transformers with associated concrete pads; electric vehicle charging supply
equipment, hollards and/or curbs or other associated safety equipment, associated signage; and fixtures
and appurtenances necessary to any and all thereof, as Grantee deems necessary for the distribution
of electric energy and communication purposes located within the strips of land of the uniform width of
10 feet, lying 5 feet on each side of the alignment of the facilities as initially installed hereunder. The
approximate location of said facilities are shown upon Grantee’s Drawing Number 31476499 attached
hereto and made a part hereof.

Grantee agrees that on receiving a request in writing, it will at Grantor’s expense, survey, prepare and
record a “Notice of Final Description” referring to this instrument and setting forth a description of
said strips of land.
Grantor further grants to Grantee the right, from time to time, to trim or to cut down any and all trees and brush now or hereafter within said easement area, and shall have the further right, from time to time, to trim and cut down trees and brush along each side of said easement area which now or hereafter in the opinion of Grantee may interfere with or be a hazard to the facilities installed hereunder, or as Grantee deems necessary to comply with applicable state or federal regulations.

Grantor shall not erect or construct any building or other structure or drill or operate any well within said easement area.

Grantor further grants to Grantee the right to assign to another public utility as defined in Section 216 of the California Public Utilities Code the right to install, inspect, maintain, replace, remove and use communications facilities within said easement area (including ingress thereto and egress therefrom).

In the event upon termination of the electric vehicle charging station contract as set forth in said terms and conditions, Grantee shall upon written demand therefor execute and deliver to Grantor a good and sufficient quitclaim of said easement and right of way or such portion thereof conveyed in this document, at Grantor's expense.

The legal description herein, or the map attached hereto, defining the location of this utility distribution easement, was prepared by Grantee pursuant to Section 8730 (c) of the Business and Professions Code.

The provisions hereof shall inure to the benefit of and bind the successors and assigns of the respective parties hereto.

In exercising its easement rights hereunder, Grantee shall not unreasonably interfere with, disrupt, or materially adversely affect Grantor's business operations or access rights at the property owned by Grantor.

Dated: __________________, ______.

Intradistrict Open Enrollment

Open Enrollment, Alternative Schools and Programs of Choice

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

(cf. 5116.2 - Involuntary Student Transfers)
(cf. 5117 - Interdistrict Attendance)

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (Education Code 35160.5)

It is the desire of the Governing Board to allow students to remain at their attending school should they wish to stay.

(cf. 5111.1 - District Residency)

The Board shall annually review this policy. (Education Code 35160.5, 48980)

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (Education Code 35160.5)

Establishing residency within a school's attendance boundaries does not guarantee enrollment in that school.

(cf. 5116 - School Attendance Boundaries)

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student's attendance area if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous" (20 USC 7912; 5 CCR 11992)

(cf. 0450 - Comprehensive Safety Plan)
2. Is a victim of a violent crime while on school grounds (20 USC 7912)

3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1 (Education Code 46600)
If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an intradistrict transfer request for another district school. (Education Code 46600)

(cf. 1312.3 - Uniform Complaint Procedures)
(cf. 5131.2 - Bullying)

4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a)(3) (20 USC 6311)

(cf. 0520.1 - Comprehensive and Targeted Support and Improvement)

5. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either: (Education Code 35160.5)

   a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor

   b. A court order, including a temporary restraining order and injunction

6. Is a sibling of another student already attending that school

7. Has a parent/guardian who is a current district employee working at least twenty (20) hours per week assigned to that school as his/her primary place of employment is that school.

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law and Board policy, applications for intradistrict open enrollment shall be submitted during the first ten school days in February of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (Education Code 35160.5)

Schools without anticipated capacity may be declared "impacted" and excluded from the open enrollment process.

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity. (Education Code 35160.5)
Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. (Education Code 35160.5)

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

SUNNYVALE SCHOOL DISTRICT
Sunnyvale, California
Students

Intradistrict Open Enrollment

Open Enrollment, Alternative Schools and Programs of Choice

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site. Schools without anticipated capacity may be declared "impacted" and excluded from the open enrollment process.

2. Open enrollment occurs the first 10 school days of February.

3. Classes are established based on requests received during the open enrollment application period.

4. New students must register for their attendance area school before requesting an alternative school or program of choice.
   a. Establishing residency in a school's attendance area does not guarantee enrollment in that school.

5. A designated portion of the enrolled students shall be residents of the attendance area of the neighborhood school that houses the program of choice although the program of choice itself will not have a limited attendance area.

6. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random lottery shall be held from the applicant pool.
   a. Siblings applying for open enrollment for the same grade level at the same school site will be considered as one entity for the purposes of the lottery.

7. Enrollment will be determined by lottery following these priorities:
   a. Children of original advisory committee formed to establish the program of choice.
   b. Siblings of in-district students currently attending the same alternative school or program of choice.
   c. New, in-district students.

8. The lottery will occur on or about the first Tuesday in April.

9. After the lottery has been conducted, the Student Information Administrator shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated. Applicants will receive final confirmation of their open-enrollment request by June 1 of the school year the lottery is conducted.
a. Approved applicants must confirm their enrollment within 10 school days.

b. Once enrolled, a student in grades K-8 (TK excepted) on an open enrollment transfer shall not be required to reapply for admission to the school or program of choice during their continuous enrollment in the school. The school accepting the Open Enrollment, in essence, becomes the student's home school for as long as that student remains at any grade level (TK excepted) enrolled at that school. The student may be subject to displacement due to excessive enrollment based on the enrollment date in the school with the same priority as neighborhood students.

c. Except as may relate to enrollment in programs of choice without neighborhood attendance areas, no student who currently resides in the attendance area of a school shall be displaced by students transferring from outside the attendance area.

d. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.

e. Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

(cf. 1312.3 - Uniform Complaint Procedures)

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (Education Code 35160.5, 48980)

1. All options for meeting residency requirements for school attendance

(cf. 5111.1 - District Residency)
(cf. 5118 - Open Enrollment Act Transfers)

2. Program options offered within local attendance areas

3. A description of any special program options available on both an interdistrict and intradistrict basis

4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied

5. A district application form for requesting a change of attendance

6. The explanation of attendance options under California law as provided by the CDE

(cf. 5145.6 - Parental Notifications)

7. A student on an open enrollment transfer will be assigned to the middle school assigned to the student's neighborhood attendance area.
8. Admission to a particular school shall not be influenced by a student's academic or athletic performance.

A student eligible for special education may be placed within a particular district program or school pursuant to the individualized education program ("IEP") process, and a special education student's placement may thereby preempt the open enrollment process. Eligible special education student's placed in their neighborhood schools may apply for open enrollment transfers to other district schools with available appropriate special education program options subject to the same criteria as general education students.

Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 14 days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and his/her parent/guardian in making the offer. If the parent/guardian elects to transfer his/her child, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," the Superintendent or designee shall provide parents/guardians of students attending the school with the following notifications:

1. Within 10 days of receipt of the notification from CDE, the Superintendent or designee shall provide parents/guardians of students attending the school with notice of the school's designation. Along with this notification, or at least 14 calendar days before the start of the school year, the Superintendent or designee shall provide a list of other district schools to which any student of the school that is designated as persistently dangerous may transfer.

2. Parents/guardians who desire to transfer their child out of the school shall provide a written response to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students.

3. The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment, but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. The Superintendent or designee shall notify the parents/guardians of the assigned school.

For students whose parents/guardians accept the offer, the transfer shall be made as quickly as possible. If the parents/guardians decline the assigned school, the student may remain in the current school.
(cf. 0450 - Comprehensive Safety Plan)

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

(cf. 5117 - Interdistrict Agreements)

MEMORANDUM

To: All Board Presidents and Superintendents — CSBA Member Boards
From: Xilonin Cruz-Gonzalez, CSBA President
Re: 2020 Ballot for CSBA Delegate Assembly — U.S. Postmark Deadline is Mon. March 16

Enclosed is the ballot material for election to CSBA's Delegate Assembly from your region or subregion. It consists of: 1) the ballot (on red paper), the reverse side of which contains the names of ALL current members of the Delegate Assembly from your region or subregion; and 2) the required candidate biographical sketch form and, if submitted, a resume. In addition, provided is a copy of the ballot on white paper to include with your board agenda. **Only the ballot on red paper is to be completed and returned to CSBA. It must be postmarked by the U.S. Post Office on or before Monday, March 16, 2020. No exceptions.**

Your Board may vote for up to the number of vacancies in the region or subregion as indicated on the ballot. For example, if there are three vacancies, the Board may vote for up to three candidates. However, your Board may cast no more than one vote for any one candidate. (The ballot also contains a provision for write-in candidates; their name and district must be clearly printed in the space provided.)

The ballot must be signed by the Superintendent or Board Clerk and returned in the enclosed envelope; if the envelope is misplaced, you may use your district’s stationery. Please write **DELEGATE ELECTION** prominently on the envelope along with the region or subregion number on the bottom left corner of the envelope (this number appears at the top of the ballot).

If there is a tie vote, a run-off election will be held. All re-elected and newly elected Delegates will serve two-year terms beginning April 1, 2020 – March 31, 2022. The next meeting of the Delegate Assembly takes place on Saturday, May 16 and Sunday, May 17 at the Hyatt Regency in Sacramento. The names of all Delegates will be available on CSBA’s website no later than Wednesday, April 1. Please do not hesitate to contact CSBA’s Executive Office at (800) 266-3382 should you have any questions.

Encs: Ballot on red paper and watermarked “copy” of ballot on white paper

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have been a Delegate from our region for the past year. I have been active in the Delegate Assembly discussions about Special Education challenges and overall funding needs. In addition to my passion around supporting and improving our public school system, I have over 18 years of local community service leadership. In addition to Delegate Assembly, I am currently President of the Santa Clara County School Boards’ Association and a member of the Palo Alto Unified School District Board of Education (I am a 12 year Trustee and have been Board President twice). My background also includes more than 17 years of management experience in finance and high tech.

Please describe your activities and involvement on your local board, community, and/or CSBA.

My advocacy has included working with school board members, local legislators, city council members, county supervisors, community groups and constituency lobbying groups to support funding and support for many important causes; including teacher professional development and retention; addressing program needs in core academics, counseling, special education, athletics, and the arts; advocating for innovative teaching; promoting effective use of technology; addressing the effects of changing student enrollment; championing much needed campus renovation and expansion; and encouraging the creation of partnerships to support initiatives on key issues.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Funding, rising pension costs, and teacher retention (in the face of extremely high housing and cost of living in California) are already straining school districts and making it very difficult to make progress on initiatives to reduce the achievement gap, increase graduation rates, support the academic and socio-emotional health of every child, and further the development of our next generation of leaders. I would be honored to continue to represent this region, so CSBA and our legislators understand how they can help us to successfully protect and improve our public education system in Santa Clara County.

Submit biographical sketch form only once, do not send multiple times. E-mail: nominations@csba.org, or fax to (916) 371-3407, or US Mail to: CSBA Exec. Office | Attn: DA Elections | 3251 Beacon Blvd., West Sacramento, CA 95691 by the deadline: Tues. Jan. 7, 2020.

Mary Patterson

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

The Delegate Assembly is a diverse and powerful voice in the formulation of CSBA’s policy platform and prioritization of education’s most pressing issues. Having served as a Delegate for two full years, I am eager to continue to contribute to these critical deliberations. I represent a unique area in Southern Santa Clara County whose concerns and experiences need to be considered. I am a thoughtful listener and communicator and an experienced educator and school board member who understands deeply the needs of children and families.

Please describe your activities and involvement on your local board, community, and/or CSBA.

Upon my election to the Morgan Hill Unified board, I undertook the full series of Masters in Governance trainings. One year into my term, I was unanimously elected vice president of the board and unexpectedly took over as president six months later. I participate in CSBA’s annual Legislative Action Day and continuously foster relationships with local elected officials at the city, county and state level. I am immersed in local and statewide priorities for children through active membership in our County School Boards Association, the local Children’s Agenda Network and Children Now.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Our challenges are many. Adequate funding tops the list and I am committed to supporting CSBA’s Full and Fair Funding campaign as well as other efforts like state facility bond offerings and policies to cap litigation payouts. Student mental health and special education needs have expanded more rapidly than school resources to address them. I will gladly participate in CSBA’s efforts to advocate for funding, professional development and outside expertise to support kids and families with these needs.

Are you an incumbent Delegate? [ ] Yes [ ] No | If yes, year you became Delegate: ________

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have 3 children currently enrolled in public education and ensuring they are receiving an excellent education has been a priority for me. I've regularly volunteered in the classroom, chaired volunteer committees, and been president of the Home & School Club. My oldest child has severe special needs and I've worked in the special needs community as a project manager, educator and peer support. It has provided me with a greater understanding of a fair and appropriate education. I have also worked on bond and tax measures for the district. I recently resigned from the board of the Alternating Hemiplegia of Childhood Foundation who's focus is to fund research and support families with the disorder. I served over 15 years on the Board. My knowledge of schools' challenges, individual families needs and how to work in the larger community will be beneficial in the delegate assembly.

Please describe your activities and involvement on your local board, community, and/or CSBA.

On top of my regular duties as trustee, I sat on the district's facilities committee overseeing the spending of our bond. The measure has funded opening a new STEAM school, solar and fencing at all our schools, a new multi-purpose room, outdoor learning spaces and more. Recently I oversaw the successful passing of a Parcel Tax for our district. I have also served on the West Side Boards committee for the last 5 years, which brings together board representatives from 5 surrounding school districts and the high school to share district happenings and how we can work together. Each year I represent our board at one of our schools, meeting with the principal, school tours, attending Home & School Club meetings and school activities. I have also completed the CSBA's Masters in Governance. I've

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Our biggest challenge is how to continue to provide high standards in education with a limited budget at a time of skyrocketing cost of living. Attracting new teachers and retaining existing ones is a constant challenge. Funding new curriculum to meet common core standards and to keep our students learning at the highest levels. CSBA is vital in keeping education in the forefront of our legislators minds. A demographer recently said, with declining population and a record number of people retiring we need to ensure every child is educated. CSBA can encourage housing subsidies for staff, cost of living allowances, providing incentives for new curriculum, holding the state accountable for the physical condition of our schools. New curriculum is not just about the teaching method but where it can be taught. Maker labs require special equipment, the arts require an auditorium, music requires instruments, all of which require funding.

Are you an incumbent Delegate? ✓ Yes ☐ No | If yes, year you became Delegate: 2017

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I am very focused on ensuring that every student has the opportunity to graduate from our public schools ready for college or a career. I will be a passionate and effective component of a collaborative working environment with other delegates in our region and throughout the state to bring focus on the necessary financial and legal changes that are needed to advocate for students and improve our schools.

I have been an active volunteer in our schools for 20 years and an educator for 12 years. I am and have been involved with numerous school board and district committees. I was a founder and board member of Santa Clara Unified Parents, a district-wide advocacy and support non-profit. I was a software engineer for 13 years at several local technology companies. Throughout all these activities, I have been a strong collaborator and enjoy bringing people with diverse viewpoints together to reach a common goal. I received the PTA Honorary Service Award in 2014 and the Marilyn Rea Volunteer of the Year Award in 2008. I am the proud parent of three children; all are graduates of our public high school.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have been involved in numerous board committees, including the Policy, Budget, City Liaison, and Community College Liaison committees. I have been part of district wide committees, including the District Advisory Committee, Facilities Task Force and the district PTA Council. As a parent, I have been on a school site council and the board of parent organizations. I have volunteered at schools for over 20 years and continue to do so. I am an active member of the CA Association of Large Suburban School Districts.

I have been the president and vice-president of the Santa Clara County School Boards Association (SCCSBA) and was the co-chair of the Hoffmann Award Committee. I completed the CSBA Masters in Governance Certificate in 2016 and have attended the CSBA AEC conference every year since I became a board member. I co-chaired CSBA PAC’s first fundraiser in the state.

I founded and was a board member for Santa Clara Unified Parents, a non-profit set up to offer parent advocacy and district support. I participated in Santa Clara’s Charter Review Committee and co-wrote the ballot statements for three city charter measures that resulted from our discussions and were placed on the November, 2016 ballot. They all passed overwhelmingly. I am a board member of Santa Clara Parade of Champions, completing the process to become a non-profit organization.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Governing boards have several challenges facing them, but this year it is most important to improve the strength of the public school system in California. CSBA must effectively advocate for districts to have the financial support and legislative support that they will need to equitably educate all students. CSBA and its delegates must work together to ensure that there is sufficient school funding; there are enough teachers; there is an emphasis on STEAM education in grades K-12; and ALL students can graduate college/career ready.

Are you an incumbent Delegate? ☑️ Yes ☐ No | If yes, year you became Delegate: 2008

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

The Delegate Assembly is a vital link in CSBA’s governance structure and ensures that CSBA reflects the interests of school districts and COE’s throughout the state and supports the best education for all students. I am an experienced board member and also serve as President of the Asian Pacific Islander School Board Member Assn. I bring my background as a CPA, my MBA; my ongoing efforts to refine my skills as a Trustee; a strong network with other Trustees and local/state elected officials, and; most importantly, my full commitment to serve on the Delegate Assembly.

Please describe your activities and involvement on your local board, community, and/or CSBA.

Local districts: PTA, SSC, Saratoga Education Foundation, Saratoga Union SD Trustee, LGSUHSD Trustee, MetroEd Trustee, SCCSBA.

Community: Key organizer of Building Bridges (a Saratoga Rotary Club-sponsored project promoting the understanding of different cultures in our community); BSA Troop 508 Committee Chair (6 Yrs); Co-Chair of Saratoga Memorial Day Observance (3 Yrs)

CSBA: MIG completion (twice); Links Learning Task Force; Policy Platform Committee; DA and AEC.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

There are several - stable and adequate funding sources for public education; implementation of LCFF, CCSS and ESSA compliance; mounting pension plan/retirement and benefits liabilities; mandates without adequate funding, e.g., special education; and the social-emotional wellbeing of our students. CSBA plays a critical role in advocacy and in addressing these concerns by working closely with governmental officials, state legislators and local school board members.

Are you an incumbent Delegate? [ ] Yes [ ] No | If yes, year you became Delegate:

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I believe CSBA is an opportunity to learn from my colleagues. As a mother and lifelong educator, I am committed to change the next generation's view of what is possible. These various perspectives help me to be an effective trustee and community liaison because I can connect with community members from diverse backgrounds and prioritize listening to and addressing their concerns. This background would make me an impactful CSBA Delegate in that I understand how to facilitate conversations among diverse groups, develop common ground, and achieve results.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I just completed my 1st year as a trustee. As I go into my 2nd year, I am committed to living into my role as a trustee and have as much impact as possible. For example, I am committed to strengthening my communications and community engagement activities, such as “Cafecito's con Chavez,” small listening events in local coffee shops where I engage directly with students, educators, and other community stakeholders. I currently chair the Audit committee, am the Budget committee co-chair, and am the Student Governing Board liaison. I am ready to take on a challenge.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

One of the many issues that I see that governing boards face is balancing both immediate and long term concerns. A challenge right now that makes that balance difficult is our current lack of financial stability. Many districts are facing some tough budget decisions ahead. In addition, we have many districts that have declining enrollment, these leads to budget cuts over time while trying to remain competitive with charter schools. CSBA’s role in supporting our governing board overcoming these challenges is to communicate more effectively with districts and delegates to better understand local challenges.

9. G. Approval of Increase in Board Member Compensation

Quick Summary / Abstract
Motion ________ Seconded ________ Board Action ________

Contact Person
Benjamin H. Picard, Ed.D., Superintendent

Description
On February 7, 2019, the Sunnyvale School District increased compensation to members of the Board of Education for their service from $278 to $292. Education Code 35120 states:

In any school district in which the average daily attendance for the prior school year was 10,000 or less but more than 1,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed two hundred forty dollars ($240) in any month.

On an annual basis, the governing board may increase the compensation of individual board members beyond the limits delineated in this section, in an amount not to exceed 5 percent based on the present monthly rate of compensation. Any increase made pursuant to this section shall be effective upon approval by the governing board.

Due to the impact of inflation on the monthly stipend over these past decades and respecting the time and commitment required for service, management is recommending that a five (5) percent increase be awarded. This will increase the monthly stipend from $292 to $307. The increase can become effective retroactive to January 1, 2020.

Recommendation
The Superintendent recommends that the Board of Education award an increase of five (5) percent for Board of Education service retroactive to January 1, 2020.

10. D. Approval of Out-of-State Travel

**Contact Person**
Michael Gallagher, Ed.D. - Deputy Superintendent, Human Resources

**Description**
i-Bridge Global Services LLC is an international recruiting agency assisting school districts by placing highly qualified educators from across the globe into hard to fill positions. Special Education Teachers are highly sought after. As such the District is looking to increase its applicant pool, and i-Bridge has several promising candidates identified in the Philippines.

i-Bridge will coordinate and cover the expenses for Tasha Dean, Ed.D. and two other District employees to travel to the Philippines to interview selected candidates and determine if they are qualified and will be a good fit for the Sunnyvale School District. If employment offers are made, i-Bridge will sponsor and work with the candidates to complete the visa process.

**Recommendation**
The Superintendent recommends that the Board of Education approve the out-of-state travel.
10. E. Acceptance of Donations to the District

**Contact Person**
Benjamin H. Picard, Ed.D. - Superintendent

**Description**
The District has received the following donation(s):

- Alpha Delta Kappa donated $3,125.00 to Lakewood Elementary School for outdoor education scholarships.

**Recommendation**
The Superintendent recommends that the Board of Education accept the donation(s) to the District as listed, with a letter of appreciation sent to the donor(s).
