## Oral Health Assessment Form

California law, Education Code Section 49452.8, now requires that your child have an oral health assessment before May 31 in kindergarten or first grade, whichever is his or her first year of public school. The law specifies that the assessment must be performed by a licensed dentist or other licensed or registered dental health professional. Oral health assessments that have happened within the 12 months before your child enters school also meet this requirement. If you cannot take your child for this assessment, you may be excused from this requirement by filling out Section 3 of this form.

## Section 1 To be completed by the parent or guardian
